LAURASTAR SMART I

 SWISS ENGINEERING | DESIGN

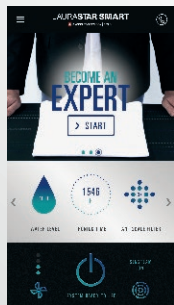

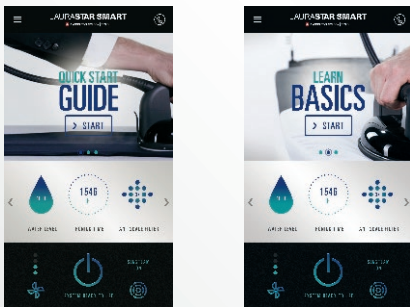

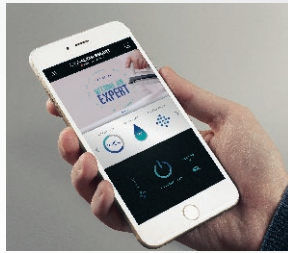

THE FIRST IRON TO THINK AND ACT ON YOUR BEHALF

YOUR IRONING COACH

Thanks to Bluetooth technology, your ironing system connects to the mobile app to become a coach that will beautify your clothes.

Three types of video tutorials to assist you during everyday use; the videos guide you through installation and basic ironing techniques, and give you expert advice to iron silk, cotton or wool.

WHEN TECHNOLOGY MEANS SIMPLICITY

The four-speed **vacuum and blower system** inflates the board with air to straighten fabrics and prevent unwanted creases, or holds the clothes firmly on the board for flawless folds.

Laurastar's exclusive **professional iron** diffuses an ultra-fine and powerful steam that adapts to all fabrics and enables vertical steaming. Its rounded shape helps to prevent unwanted creases.

The **thermostat's perfect temperature** has been studied and programmed to give perfect results on all fabrics. There's no longer any need to adjust the temperature.

YOUR COACH TO FOLD YOUR CLOTHES

The cover is ingeniously designed to make your life easier. Its graphic lines are visual markers that help you to position and fold your clothes. This universal cover is designed for all ironing boards.

LAURASTAR SMART I

SWISS ENGINEERING | DESIGN

FEATURES

3 MINUTES: your system is ready thanks to its quick heat-up.

10 MINUTES of non-use and it automatically turns off.

6 HEIGHT ADJUSTMENT SETTINGS to adapt to all sizes.

2 PAIRS OF INTEGRATED WHEELS for easy transportation.

Takes up only **22 CM (8.7 IN)** once folded.

1 SECOND: the electric cable is instantly tidied away thanks to the automatic rewinder.

ACCESSORIES

Anti-scale filter
