Rotaflly Steamer P7

Spin the Wings, Steam Your Way

Dreame Rotaflly Steamer P7

Spin the Wings, Steam Your Way

This iron features a 90° Rotatable Panel, doubling the ironing area for faster, more efficient ironing. Five Ironing Modes including 4 steam settings and one dry iron mode, delivering tailored ironing for various fabrics. The dual micro-pressurized steam system provides powerful and high-pressure steam, while auto shut-off on release provides safe use for anti-scald protection. One-touch auto clean keeps the steamer in top condition and ensures spotless, bright fabrics. Compact and portable, it's easy to store and perfect for travel.

Key Features

90° Rotatable Panel

The wings-like balanced weight design ensures effortless handling even after long use. When the panel is rotated 90° horizontally, the ironing area doubles with each pass, providing a time-saving and effortless ironing experience.

Five Ironing Modes

4 Steam modes tailored to your fabrics: gentle low-steam for delicate silk/wool, robust high-steam for durable cotton/linen; One dry iron mode for heat-only touch-ups. Switch seamlessly to iron any fabric with precision—no more guesswork, just perfect results.

Dual Micro-pressurized Steam

The dual micro-pressurized heating system with 1200W power produces dense, 200kpa high-pressure steam that deeply penetrates fabrics. Multi-layer vaporization technology ensures gentle, precise steam without wetting or splashing.

Auto shut-off on Release

With touch-sensitive control, steam is activated as you hold the handle and stops instantly when you release it, preventing accidental burns. No need for reheating when resuming, providing a seamless, efficient ironing experience.

One-touch Auto Clean

A 120s-descaling ensures high-frequency water flow working in sync with the heating system to dissolve and flush out scale and dirt inside the steamer, keeping fabrics bright and spotless.

Compact and Portable

Designed for ultimate convenience, this portable iron features a built-in hanger for easy wardrobe storage. Its compact design allows it to store in a drawer or pack in your suitcase, making it perfect for on-the-go ironing anytime, anywhere.

Specifications

Product Name	Dreame Rotaflly Steamer P7
Model	DWIP7GAEU
Rated Power	1200W
Rated Voltage	220V
Steam Output	12±5 g/min
Water Tank Capacity	100 mL (detachable)
Modes	Dry Iron, 4 Steam Levels, Self-clean
Product Dimensions	173 × 93 × 148 mm
Motor	Brushless
Net Weight	1.07 kg
Power Cord Length (exposed)	1.9 m
