Subscriber capability

RESERVA-15T-W

The RESERVA-15T-W is an all-in-one room sign providing the latest room booking functionality as well as unique digital signage capability. Built on ONELAN's NTB operating system, the RESERVA-15T-W fully integrates with the ONELAN CMS to seamlessly manage digital signage content. Other features also include:

- Interactive room sign functionality e.g. book, extend, shorten, end meetings. Faults with in room resources can also be reported.
- Utilise room sign for other communications e.g. internal/campus communications and advertising
- Open API allowing external systems to trigger the room sign
- Create schedules for playback including screen on/off.
