

## Comfortable and safe entertainment

10.5"  
Display

The Galaxy Tab A8 is an all-round tablet. The optimized display at 10.5 inches with narrower borders offers an even better video and gaming experience. The Galaxy Tab A8 offers Kids Mode, so children can be safe and in control when navigating the digital world. The generous battery with fast charging ensures fun lasts even longer. What's more, the Galaxy Tab A8 is ideally integrated within the extensive Samsung ecosystem.

### Highlights of the Galaxy Tab A8

- 10.5" cinema feel
- Quad speakers with Dolby Atmos
- Kids Mode - learn and play
- Thin and lightweight aluminum case
- Matching book cover available separately

### Convenient all-round tablet

The Galaxy Tab A8 is an entertainment tablet that's also practical. The 10.5-inch display with its narrow borders fits comfortably in the hand and offers excellent sound quality thanks to the quad speakers with Dolby Atmos. The aluminum case is now even thinner and lighter and comes in a high-quality design. The Galaxy Tab A8 provides an enjoyable entertainment experience anywhere and at any time - be it gaming, watching movies or surfing. And thanks to the 15 W fast charging, the tablet is recharged in no time.

### First steps into the digital world

Thanks to the size of the display and Kids Mode, the Galaxy Tab A8 is perfect for children taking their first steps into the digital world. With Kids Mode, children can gain their initial experience in a safe and controlled way - whether they are playing, surfing or learning. The parental controls have also been optimized and the home screen adapted accordingly. The Galaxy experience is supported by Samsung Knox, thus ensuring strong data security.
