

Uncompromising Flagship Experience

A compact smartphone with an excellent camera? Make no compromises and unlock the flagship experience. The Galaxy S25 FE has an impressive thickness of just 7.4 mm and a robust 6.7" Full HD+ display. Because the powerful battery offers a long service life, you can focus on taking impressive photos. The triple optical telephoto zoom and the 50 MP ultra-wide-angle camera provide additional flexibility for photos without any loss of quality. Your selfies will look even better with the new 12 MP front camera with autofocus.

Galaxy S25 FE highlights

- 6.7" Full HD+ display with 120 Hz
- Triple camera (rear): wide-angle 50 MP (f/1.8) + ultra-wide-angle 12 MP (f/2.2) + 8 MP 3x optical telephoto zoom (f/2.4), front camera 12 MP (f/2.2) with autofocus
- 4900 mAh battery with fast charging technology (45 W) and Wireless PowerShare
- Slim design with only 7.4 mm thick
- Certified to an IP68 rating¹
- Galaxy AI²

Elegant design meets robustness

View images, videos or other files in crystal-clear resolution: the 6.7" Full HD+ display offers an outstanding multimedia experience for exploring your ideas with Gemini Live. Galaxy AI will also help boost your productivity. With a thickness of only 7.4 mm, the Galaxy S25 FE is slimmer than the Galaxy S24 FE, which is 8 mm. The high-quality design with a robust aluminum frame offers stability and longevity. The new Galaxy S25 FE is available in Black, White, Icy Blue or Dark Blue.

High-performance camera

Do you want to create selfies and portraits with greater depth of field or impressive photos of subjects from a distance? The Galaxy S25 FE gives you the ideal AI-supported camera system to capture your memories with improved image quality. The 50 MP wide-angle camera is ideal for detailed shots. Take center stage thanks to the 12 MP front camera with autofocus. If your photos do not turn out the way you want, you can simply edit them by using professional tools such as Color Grading or apply AI to fill in missing image sections.

More time for your plans

The Galaxy S25 FE adapts to your lifestyle. Thanks to the long-lasting 4900 mAh battery, you have more time for your plans. In a hurry? Your phone will be ready to use again quickly due to its 45 W fast charging function. Even if you are on vacation, Galaxy AI also helps you overcome language barriers: the Interpreter app³ can translate real-time conversations in two languages. Forget the worries about keeping your phone dry. As the IP68 rating offers extra protection against water and dust.

¹ Water-resistant against continuous immersion in water at a depth of 1.5 m for max. 30 minutes, in clear water only. Not resistant to salt water or other liquids, in particular soapy water, alcohol and/or heated liquids. The SIM card/memory card holder must always form a complete seal with the device to prevent water ingress.

² Some AI functions require an Internet connection, a Samsung Account login or a Google account login.
