

Performance A+ Series

LED Fan 120mm ARGB

The Xilence 120mm LED case fan adds another must-have for gamers to the portfolio of the Performance A+ series and brings light into the inside of the PC.

With its 3PIN ARGB M/B connector being linked to the equivalent connector on the mainboard, the fan's color scheme can be controlled.

Product Features

- Classy black and white design
- Optimal performance in every situation
- Hydro bearing LED PWM-fan ARGB
- LED-effect with seven different colour options during operation
- Airflow-optimized rotor blades

Technical Data

	120mm
Fan Dimensions	120 x 120 x 25mm
Connector Type	Female ARGB 3Pin (5V)
Noise Level	18.0 - 30.2 dB (A)
PWM	ja
Fan Bearing	flüssigkeitsgelagert
Air Flow	68.2 CFM
Fan Speed	500 - 1.500 RPM ± 10%
Weight	130 g
Operating time	50000 H*

*Laboratory value; strongly dependent on temperature and environmental influences.
